PRODUCT SPECIFICATION & TECHNICAL DATA

A460 - Glue-Grip Glove

Collection: Thermal Protection Gloves

Range: Gloves

Materials: PVC, Canvas, Cotton

Inner Pack: 6

Outer Carton: 72

Product information

In cold conditions, warmth and secure grip are crucial, the 'Glue-Grip' houses a three layer thermal system which provides excellent thermal properties. The PVC coating makes this a very durable glove and also provides excellent grip properties.

Thermal Protection Gloves

When cold thermal hazards are present, the hands' motor skills can be greatly reduced, this leads to increased risks of accidents and injury. Specially designed thermal protective gloves are available to combat these hazardous environments.

Gloves

A wide and increasing range of Hand Protection styles is available. In order to help cater to every need. Only the best materials and manufacture methods are used in the production of Portwests' extensive range of Hand Protection products.
