

Single Pulsar-AAA

Hazard Warning Lights

The PULSAR-AAA is a multi-mode LED warning light within a shockproof housing, able to withstand crushing by weights of up to a tonne. These compact lights are designed for hazard awareness or signalling. They are extremely robust & waterproof, as well as being magnetic, so they can be attached to vehicles or other steel surfaces. Capable of operating for up to 25 hours dependant on chosen mode.

Fold away hanging hook
