MULTIPLE MAILBOXES

DECAYEUX

SINCE 1872

FR120MBH

FR120MBH

When deciding on the correct mailbox to purchase, it is essential that the buyer is clear about the location that the fire rated mailboxes are going to be located. Choosing a standard mailbox may disable the Fire Rating of the property and become vulnerable to fire. We have worked with EXOVA Warrington to achieve full Fire Rating (two hours integrity) to BS 476 Part 22 conform to BS476 Part 6 & 7. Our Fire Rated range of mailboxes were successfully selected for installation at the Athlete Village during the London 2012 Olympics and comply to the SBD Homes guide 2019.
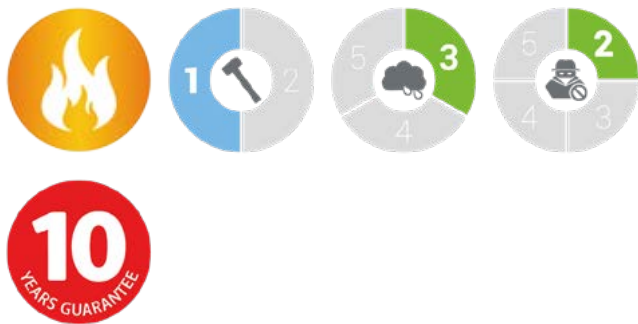

FEATURES

APPLICATIONS
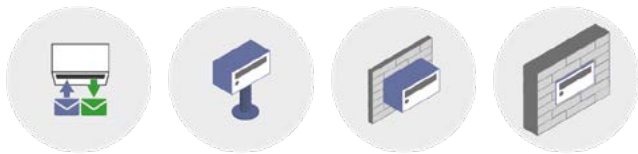

• Sprung painted steel flap
• Cam lock with standard cylinder supplied with 2 keys
