

## Product Specifications

## Schiller FRED PA-1 AED Automatic Bundle with Wall Cabinet

- Comprehensive AED Station and wall-mountable cabinet (green) with thumb lock
- Supplied with the FRED PA-1 AED, which aids in the resuscitation of a child or adult in the case of a cardiac arrest
- Sturdy wall cabinet secures the FRED PA-1 in place with a clear defibrillator label and a thumb lock
- Also includes 3 AED Signs, an AED Guide Laminated Poster for untrained personnel, and a CPR and Defibrillation Guide Laminated Poster
- The Schiller FRED PA-1 AED is supplied with a 10-year warranty
- Ideal for all workplaces and public environments

The **Schiller FRED PA-1 Automatic Defibrillator Bundle** is the ideal solution to ensure your AED is visible and easily accessible in your workplace, school, or public space. **The bundle includes:**

- The [Schiller FRED PA-1 Automatic External Defibrillator//PA870](#), an AED designed with simplicity at its core to empower even untrained users to save a life with CPR and defibrillation.
- Two durable laminated posters with full colour illustrations — the [AED Defibrillation & CPR Poster//PA625](#) and the [AED for Untrained Personnel Poster//PA610](#). These posters are both 59cm x 42cm in size.
- One [AED Trained Personnel Sign//PS3215R](#) with space to add the details of up to five personnel trained to use the defibrillator. This sign is 20cm x 30cm in size.
- One [Nearest AED Sign//PS3216R](#) to denote the location of the AED, increasing visibility of the device. There is space to include the detailed location of the AED and the name of the person in charge of its maintenance.
- One [AED Sign//PS3218R](#) to increase visibility of the AED.
- One [Defibrillator Wall Cabinet \(green\)//PK903](#) to securely wall-mount the defibrillator in a visible and easily accessible location out of the way of potential damage and protects it with a thumb-twistable lock.

The Schiller FRED PA-1 AED comes with English language only as standard. Devices with 3 languages programmed (e.g., English, French and German) are available with additional lead time – contact our sales team for details. It includes a 10-year warranty by default. **EXCEPTIONAL RELIABILITY** With an established reputation for exceptional reliability, the Schiller FRED PA-1 has with over 60,000 units sold worldwide. The device is backed by an industry-leading 10-year replacement warranty—offering a full replacement in the event of a technical fault—which is unmatched in the UK public access defibrillator market. There have been no units replaced in the UK over the past six years due to a technical fault rendering the device inoperable.
